GENERAL INFORMATION

Plant-X Roots "B" is a fertilizer additive designed specifically for application with ortho-phosphate, poly-phosphate, nitrogen and calcium based liquid fertilizers.

DIRECTIONS FOR USE

It is recommended to shake, stir or agitate containers or tanks of Plant-X Roots B just prior to usage.

Applications: Plant-X Roots "B" can be applied by side dress and banding equipment, water run through irrigation systems or sprayed directly on soils with other fertilizer materials.

SUGGESTED APPLICATIONS

Optimum rate of application will vary between elds depending on soil and/or climatic conditions, stage of crop growth and size of plants. Application rates are best determined by soil and plant analysis recommendations.

Field Crops: Beans, peas, corn, potatoes, soybeans, etc. Apply 1/2 to 2 gal/acre with liquid fertilizer placed near the seed or in a sidedress prior to 40% of full plant height. Apply 1/2 gal/ac if directly on seed.

Vegetable Crops: Asparagus, celery, cole crops, cucurbits, lettuce, melons, onions, garlic, peppers, spinach, strawberries, tomatoes, etc. Apply 1/2 to 2 gal/acre during periods of rapid growth or nutritional stress.

Cereal Crops: Wheat, barley, oats, rice, rye, etc. Apply 1/2 to 2 gal/acre at planting.

Plant-X Roots "B" should be used especially with soil applied starter and sidedress fertilizer band applications.

Fermented Plant Material

WARNING

H315: Cause skin irritation.
H319: Causes serious eye irritation.

PRECAUTIONARY STATEMENTS

Keep out of reach of children. Read label before use. Wear protective gloves/protective clothing/eye protection. Do not handle until all safety precautions have been read and understood. Do not taste or swallow.
