Guaranteed Analysis

Total Nitrogen (N)..... 0.5%
0.5% Water Soluble Nitrogen

Derived from: Fermented Grain By-Product

GENERAL INFORMATION

Premium Plant Tea is a "Plant Extract Tea". Rather than using compost or animal wastes, BioGro has taken live plants and specific plant parts and "steeped" them in various media solutions. The resulting solutions are allowed to ferment under controlled conditions and stabilize.

Premium Products actually have a long shelf life and can be stored under proper conditions for 1-2 years. Premium Products do not smell "rotten" and should not be used if they do.

DIRECTIONS FOR USE

It is recommended to shake, stir or agitate containers or tanks of Premium Plant Tea just prior to usage.

Mixing Directions - Be sure spray tank is thoroughly cleaned, fill 1/3 full with clean water, add product and continue filling with agitation.

Compatibility - Premium Products are compatible with most fertilizers and bioproducts. Consult your BioGro dealer for more information.

Use this product (preferably blended with liquid nutrients) during periods of rapid root development.

SUGGESTED APPLICATIONS

Optimum rate of application will vary between fields depending on soil and/or climatic conditions, stage of crop growth and size of plants. The best timing is at planting or when a root flush is occurring. Consult your BioGro dealer for specific recommendations.

All Fields, Vegetable Crops, Trees and Vines - Apply 5-30 gallons per acre at planting. Water run 5-30 gallons per acre during germination. Water run 5-30 gallons per acre with applied fertilizers during growing season. - Apply 2-5 gallons per acre in spring and fall during root flush.

CONDITIONS OF SALE

Seller and/or manufacturer warrants only that this product consists of the ingredients specified on this label. No one is hereby authorized to make any warranty and/or guarantee concerning the use of this product. Being that the use, timing, placement, rate, application and other conditions are beyond the control of the seller and/or manufacturer, the seller's and/or manufacturer's liability for handling, storage and use of this product is limited to replacement of product or refund of purchase price.

Information regarding the contents and levels of metals in this product is available on the internet at: <http://www.aapfco.org/metals.html>

This product is intended for use according to an approved organic system plan.

This fertilizer qualifies, or all of its ingredients qualify, under 7 CFR 205 for use in organic crop production.

Plant Extract Tea
